OUR
SINGAPORE
SPIRIT**

Dear wonderful people of the 2021 NDP organising committee,

I'm writing to thank you for the great job in putting together the fantastic 2021 NDP!

I did not plan to watch the NDP this year because I have been so busy with work and this weekend, I have lots of work to clear again. Plus, frankly, I had thought it was rather silly to have NDP after National Day.

After a run and dinner at about 7.30pm, I decided to switch on the TV and watch NDP, just to see what it had to offer. Thank God for that decision, I stayed glued to the TV and watched it till the end - because I was touched and encouraged by various segments and performances! I was particularly encouraged by the stories of Daisy, Bukit Ho Swee's Mdm Tan and Zubir Said. Mdm Tan's simple words of encouragement - Man, man lai (take it slowly) uplifted me. It was struck a chord with me because I've been swarmed with too much work. Seeing young people like secondary school kids and students from Republic Poly, ITE and NUS perform so enthusiastically gave me so much hope. Also, there was the group of more elderly people dancing and the group of performers from MINDS. They showed me what it means to live life to the fullest and yes, work (and the numerous back to back deadlines) is really not everything.

I have never felt so emotional and impacted from watching any NDP - so thanks, thanks, and thanks! More than an NDP in a challenging time, you have helped to uplift people with your fantastic work in organising, planning, coordinating, managing last minute changes to 2021 NDP! Thanks!

Yours sincerely,
Penny Lim

All these would not have been possible without your steadfast support and resilience, especially in these challenging times. May we continue to grow in unity, harmony and progress for our nation regardless of race, language or religion. Like what our theme song says, we did it before, and we'll do it again—🥰

As the NDP 2021 theme song goes, “We did it before, and we will do it again”.

The National Day Parade has been held every year from 1966, to mark Singapore’s independence. NDP 2021 was the 56th edition. Singapore is of course not alone in celebrating its National Day. Countries all over the World, some much older than Singapore, continue to mark their independence in various ways, reflecting their unique cultures, ethos and historical context.

This tradition of celebrating National Day, whether at home or abroad, with fellow citizens as well as foreign friends runs deep and for many good reasons, not least for the citizens of that country to come together as one, to show their confidence in themselves and their heritage. It is the country’s expression on their national day of its place in history and the world today. Whether in good times or bad, the NDP marches on.

Even as late as July, we were not certain that we could prepare adequately to put up the traditional, familiar NDP. And when 9 Aug was just around the corner, more unexpected news came in the form of the Jurong Fishery Port and KTV COVID-19 clusters. For the first time in Singapore’s history, the reserve date for NDP was activated. 2021’s

NDP was commemorated over two occasions – a simple parade and ceremony on 9 Aug to mark the occasion and the full NDP some ten days later on 21 Aug. Looking back, with the situation and the COVID-19 infection numbers changing every day, it could have turned out badly. Yet despite all the twists and turns, ups and down, NDP 2021 was in more ways than one, a success. This statement in itself speaks volumes.

The NDP was our collective affirmation that no matter how hard the going, Singapore will overcome and thrive. As the NDP 2021 theme song goes, “We did it before, and we’ll do it again”. Together, Singaporeans can overcome adversity to emerge stronger. NDP 2021 became a reality by everyone’s personal effort and is the greatest tribute, I can think of, to all who strive daily to keep Singapore going, to keep the flame that is the Singapore Story burning bright, even against strong headwinds. The road ahead is uncertain. But we rest assured that if each of us embodies the Singapore Spirit, our future remains secure and bright.

Majulah Singapura!

MESSAGE FROM
LG MELVYN ONG
CHIEF OF DEFENCE FORCE

... we're going to be alright for the road ahead, in this electric city, *dengan semangat yang baru.* 

NDP 21 will be etched in my mind as the most challenging NDP for organisers, led admirably this year by the indefatigable Guards Formation, and comprising the most resilient group of participants and partners I have had the pleasure of working with.

In the military, we typically mark the end of an exercise with a summary event or a 'rite of passage', which places soldiers under stressful situations to prepare them for the psychological strain and hardship that awaits them. Dealing with change is an inevitable part of life, and everyone experiences varying degrees of setbacks, but we must always cope and recover from problems and challenges.

NDP 21 felt like one of these 'rites of passage' at times because where the need to celebrate

Singapore's national day was never in doubt, the form and scale of the event was fraught with uncertainty till the last week.

Through it all, everybody involved in NDP 21 demonstrated tremendous resilience – numerous contingency plans which eventually entailed events on the 9th and 21st of August, designing the COVID risk out of the show by decentralising rehearsal sites, the weekly swabs before rehearsals etc.

From your resilience, we were inspired, and you showed Singapore and Singaporeans that the road ahead may be difficult, but 'we did it before, and we'll do it again'. Thank you for inspiring us that we're going to be alright for the road ahead, in this electric city, *dengan semangat yang baru.*

Majulah Singapura!

MESSAGE FROM
BG TAN CHENG KWEE
CHAIRMAN EXECUTIVE
COMMITTEE NDP 2021

... our can-do spirit was valuable, and that there is always space to chase our dreams and make life better... 

We successfully celebrated Singapore's 56th year of independence with both a ceremonial parade on 9 August, and a belated but very meaningful NDP on 21 August this year. Right from the start, we had committed ourselves towards creating an NDP that would uplift the spirits of our fellow Singaporeans and celebrate the qualities embodied in our common spirit. With the volatile COVID-19 situation, all of us had to dig deep into the Singapore Spirit, and find the strength within to go above and beyond what is required. Thus the theme, Together Our Singapore Spirit, was neither an abstract concept nor a distant ideal to us.

I believe it is because we had poured our Singapore Spirit into the very process of organising NDP 2021, that made it an earnest event that touched the hearts of fellow Singaporeans. NDP 2021 carried the messages about things we collectively believed in and wanted to tell – about family and community; about worthy pursuits like sustainability, the arts, sports; about values like caring for others and paying

it forward – in an earnest and relatable manner. An overwhelming majority of Singaporeans gave NDP 2021 two thumbs up, whether they were watching NDP 2021 at the Float, at home, or abroad; young and old; across all races. The stories of our everyday Singaporean heroes inspired and connected with our fellow countrymen. Our featured Singaporeans taught us that our can-do spirit is priceless, and there is always space to chase our dreams and make life better. It was no wonder then that the Straits Times called NDP 2021 "A Heartfelt Ode to the Singapore Spirit".

We have journeyed a long way together. My sincere appreciation for your steadfast commitment and collective support from all the partner organisations, without which NDP 2021 would not have been possible. My deepest thanks also goes to all the organisers and participants, I hope NDP 2021 has left you with many friendships and memories.

Together, Our Singapore Spirit!

NDP 2021 THEME & LOGO

'Together' expresses our common Singapore identity and encompasses Singaporeans coming together as one united people.

'Our Singapore Spirit' rallies Singaporeans to seek new strength from our 'can-do' spirit following obstacles from COVID-19, amid challenging circumstances and potential disruptions in the coming decade. We look to reinvigorate the Singapore Spirit, encourage Singaporeans to pursue innovation, muster our 'dare-to-try' attitude, and overturn our geographical limitations and lack of natural resources.

The lion head logo represents our nation's strength of will and unity. The five bold strokes of the logo symbolise the ideals depicted in the five stars of our National Flag: Democracy, Peace,

Progress, Justice and Equality. These form the core of our Singaporean identity. The number "56" is embedded in the logo design, to recognise our 56th year of independence.

The NDP 2021 Logo is inspired by the Lion Head Symbol, which was introduced in 1986 to express loyalty and commitment to the nation. We hope that the lion's courage and strength will spur our nation on as we overcome COVID-19, progress into the new normal, and build our shared future together as one united people. This is what it means to come together and demonstrate our Singapore Spirit.

The NDP 2021 Logo was conceptualised by Nanyang Polytechnic student Tan Yun Xin, and further developed into the brand direction and identity by Black Design Pte Ltd.

PREFACE

Singaporeans have come together to commemorate our Nation's independence on National Day since 1966. The NDP has been a central platform allowing us to celebrate our nationhood, and has grown to be part and parcel of our lives. Without fail, whether in good times or in difficult ones, we have had an NDP to bring Singaporeans together.

The planning and preparation this year was more complex than usual. Only three weeks before National Day, it was announced that Phase 2 (Heightened Alert) measures would be implemented because of the rise in COVID-19 cases. All our committees and participants rose to the challenge. There was a unity of spirit and purpose. Our people showed resilience and innovativeness. We adjusted the modality of our celebration and, for the first time, we had our National Day celebration in two parts, with a Ceremonial Parade on 9 August and the National Day Parade on 21 August.

NDP 2021 was a meaningful display and celebration of the Singapore Spirit. As our nation and fellow Singaporeans go through these challenging times, this celebration of our National Day inspired and rallied our people with the demonstration of our "can-do" spirit and paid tribute to those who fought in the frontlines in the battle against the virus. The NDP theme song was a beautiful reminder that "We did it before, and we'll do it again!"

To all the participants, partners, organising committees and sponsors who walked this journey together with us. Thank you for all your contributions to making NDP 2021 a success.

OFF TO A GREAT START!

From brainstorming the NDP 2021 concept to engaging our partners to auditioning the performers, the enthusiasm was palpable as everyone brought their best to the table.

Hi there! My name is August, and I am the mascot for this year's NDP!

As you can tell, I am a merlion (a mix of a lion and a fish), and I love Singapore with all my heart. Not only do I enjoy exploring Singapore's neighbourhoods, parks and museums, I am also an excellent swimmer, and a huge fan of the Young Lions!

I enjoy listening to lo-fi hip hop beats, and snacking on traditional goodies. My all-time favourite is iced gem biscuits! Recently, I've been busy keeping my friends up to date on NDP 2021 on the NDPeeps social media platforms. Be sure to follow my adventures and journey with me towards #NDP2021!

GREATER THAN THE SUM OF OUR PARTS

We salute the creativity and commitment of everyone who played a part: the artistes, designers, crew, partners and sponsors. Our synergy rocked.

DIFFERENT MOVES, SAME RHYTHM

Singaporeans from all walks of life came together and rehearsed hard to get their moves right. One, Two, Three, Go!

STANDING TOGETHER

We displayed our dignity and discipline in the Parade and Ceremony segment, where military and civilian contingents stood tall and proud.

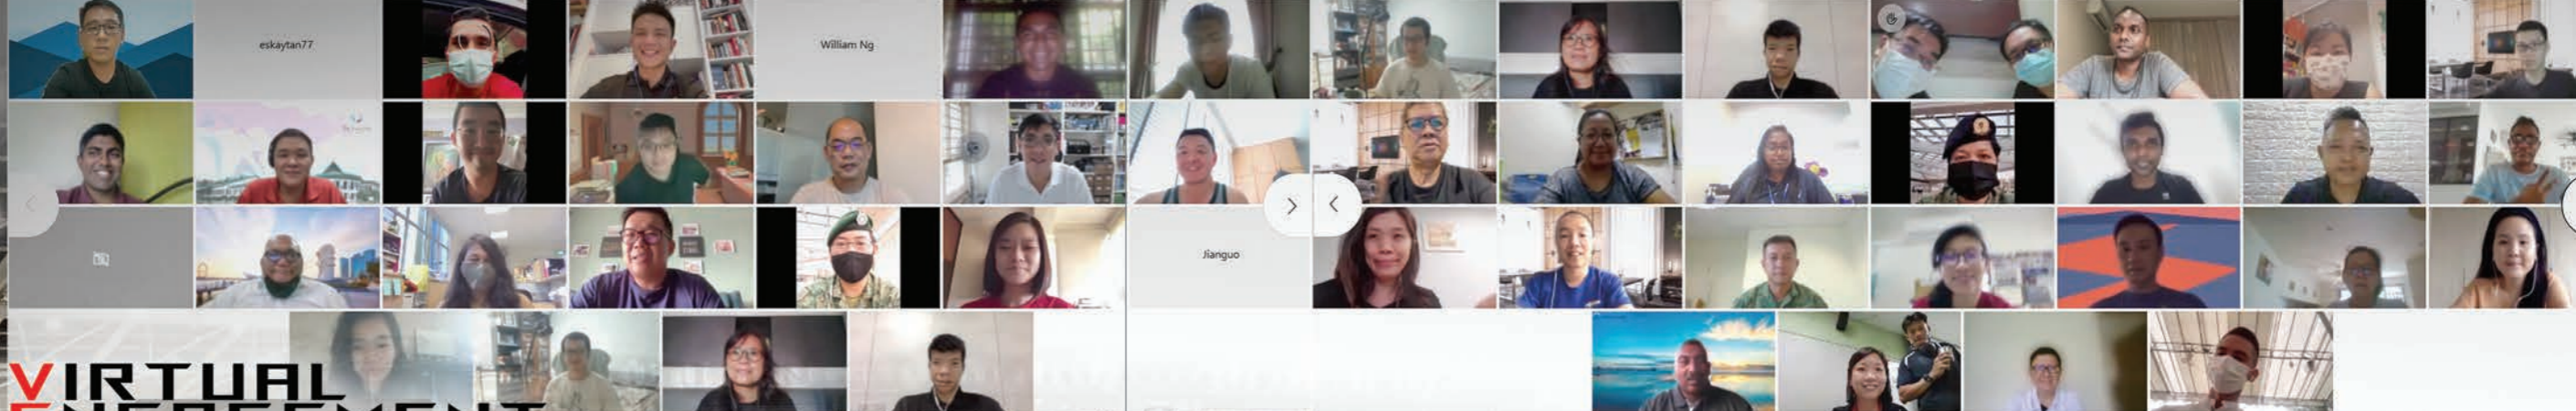

DETERMINED TO SUCCEED

We dared to dream, and braved the storms as they came. With determination and hope, resilience and an innovative spirit, we united as one team to make this NDP a success.

CEREMONIAL PARADE

The ceremonial parade was a dignified and resolute display of strength and unity, notwithstanding the restrictions of Phase 2 (Heightened Alert). This reminded us of our strong spirit and also paid tribute to our frontliners in the fight against COVID-19.

SHOW OF RESILIENCE

This year's National Day celebrations were unique. NDP 2021 was postponed to 21 August and performed in a hybrid live-virtual format. The show featured locally produced animation for the first time. There were offsite performances across Singapore, featuring people and organisations from various parts of the country and our TeamSG athletes who had returned from the Olympic Games. The performances and the participation celebrated the Singapore Spirit that shone through in good times and difficult times, and uplifted the nation.

SPEECH BY MINISTER FOR DEFENCE DR NG ENG HEN

AT THE NDP 2021 APPRECIATION FUNCTION

The NDP has been held every year from 1966, to mark Singapore's independence. NDP 2021 was the 56th edition. Singapore is of course not alone in celebrating its National Day. Countries all over the world, some much older than Singapore, continue to mark their independence albeit differently, reflecting their unique cultures, ethos and historical context. I remember vividly France's Bastille Day Parade held on 14th July in 2018. It is one of the oldest parades in Europe, that began in 1880! As it happened that year, PM Lee was there on a state visit and was invited to be their guest of honour for that year's parade. Our delegation was also invited to attend. It was a grand occasion, and it was strategically held right at the end of Champs-Élysées, with marching columns as far as the eye could see along Champs-Élysées. Our RSAF training detachment in Cazaux was invited to join the Parade, and we did. We held a combined flypast with the French Air Force. On the ground, a four-man party led by our RSAF contingent carried Singapore's flag proudly. Some of the marching contingents date their history back many years. There was one that wore leather and carried not guns, but axes and other medieval armory. The Bastille Day celebrations remind the French from whence they came, the battles fought, the blood spilt, sacrifices made, that gave France its independence and freedom today. I can well imagine the cries of "Vive la France" that echo throughout France on that day each year.

I think you've seen how our neighbours - the ASEAN countries around us - mark their National Day with ceremony and celebrations. Some of us here have attended such celebrations in Brunei, Malaysia, Indonesia, and so on. Further afield, the United States' 4th of July festivities are renowned around the World. This year, the US embassy here sent out tasty cookies. It was unique that it had both the US and Singapore Flags side by side. On UK's National Day, I was pleasantly surprised to receive a basket of UK-made goodies from the High Commissioner, much to the delight of my family members who enjoy delectable treats at tea. For those of you who have watched it, who can forget China's 70th Anniversary Celebrations last year on 1st October. Amid the COVID-19 pandemic, they staged a grand and meticulously choreographed Parade, with an impressive display of their military hardware, the largest ever that coasted along Chang'an Avenue to Tiananmen Square. There was no mistaking through that pomp and pageantry, China's declaration of its progress and achievements. With 59 formations, over 160 aircraft and 580 pieces of equipment, China was speaking to itself and the world, that she, once weak, was now strong and

advancing. No one who witnessed the Parade could doubt this declaration.

This tradition of celebrating National Day, whether at home or abroad, with citizens as well as foreign friends runs deep and for many good reasons, not least for the citizens of that country to come together as one, to show their confidence in themselves and their heritage. It is the country's expression on their national day of its place in history and the world today.

For Singapore, our founding generation set the tone for our National Day celebrations. In the first NDP, Ministers did not get to watch it from the stands. Ministers like Jek Yeun Thong, Ong Pang Boon and Othman Wok marched together with the People's Defence Force. They held that NDP at the Padang, and the contingents went much further into Chinatown and Tanjong Pagar, amid heavy rain that fell on NDP that year. It was not a one day affair. Activities and celebrations lasted a week. It was Singapore's way of underscoring our newly found Independence just after separation, and confidence as a new nation that would thrive. It gave confidence to Singaporeans watching this themselves, as well as to other countries looking at Singapore. These week-long festivities took place, despite the reality of high unemployment, and poor infrastructure development whether in public housing, hospitals, schools, transport at that time. Was our founding generation unaware of their hardship and challenges when they organised such a week of festivities? On the contrary, they decided to hold the celebration because of that deep realisation that in order for any nation to succeed, the people must first believe in themselves and their country. Mr Lee Kuan Yew put it this way during his first National Day Rally speech in 1966 - *"This capacity to face up to situations, however intractable, however unpleasant, is one of the great qualities for survival. A people able to look facts squarely in the face, able to calculate the odds, to weigh the chances and then to decide to go (at) it, are a people not likely to go under."*

Whether in good times or bad, the NDP marches on. Many of you here will remember the 2015 NDP to celebrate our Golden Jubilee, the 50th anniversary of Singapore. But it was also held after Mr Lee had passed in March that year. His passing evoked an outpouring of emotions that brought our nation closer together, less inward looking, and more thankful for what Singapore had achieved. It was no wonder that SG50 celebrations around the NDP of that year were the grandest and biggest yet. For NDP 2015, we had spectators both at the Padang,

the Float and beyond as big screens were placed at various landmarks in the Marina Bay area, including The Promontory, Marina Barrage and Gardens by the Bay. Close to 300,000 Singaporeans gathered around these areas to join in the celebrations.

What a contrast from the highs in 2015, and this year's NDP. From unfettered celebrations for 50 years of Independence to severe restrictions and fear from a global COVID-19 pandemic, with just 1,000 spectators and 600 live performers - both a fraction of what previous NDPs involved. We have to close off Marina Bay so that people would not crowd. Even as late as July, we were not certain that we could prepare adequately to put up a good NDP. Performers had to rehearse in smaller groups, in various sites and undergo weekly prodding of nostrils for the COVID-19 test. To overcome that inability to gather in big groups or have many physical rehearsals, the NDP EXCO and their creative talents had to dig very deep and came up with many innovations. They harnessed technology to connect performances virtually for the first time, combining live and virtual elements. "Virtual contingents" joined the parade with 200 participants from nine uniformed youth group contingents and 12 civilian contingents. For the show, live performances at The Float blended seamlessly with pre-recorded virtual performances. It also gave us the opportunity to show off Singapore's key landmarks because they were decentralised across Singapore. That clip of the SSO dressed all in white at the Jewel, beautiful strains of music with a gushing waterfall as the backdrop captivated many Singaporean hearts. And when 9th August was just around the corner, the Jurong Fishery Port and KTV clusters broke out. For the first time in NDP history, the reserve date was activated and we held NDP on 21 Aug. Looking back, it could have turned out badly, given all these difficulties. Organisers and performers could have gotten infected to form clusters. The show could have been degraded given the few physical rehearsals possible.

And yet, many Singaporeans have openly declared that this was their best NDP ever. Media reports were just as glowing:

"It may have been a scaled-down affair, but the Singapore spirit kept the show going, resonating in the hearts of those at Marina Bay and at home," wrote one CNA columnist;

"First postponed NDP in 56 years still manages to touch hearts" from Lianhe Wanbao;

"...those who were at the National Day Parade (NDP) on Saturday (Aug 21), as well as the millions watching at home and elsewhere, celebrated the country's 56th birthday just the same as the previous 55 occasions - with heart and gusto, and a tinge of nostalgia."— TODAYonline

The Straits Times succinctly described NDP 2021 as a "heartfelt ode to the Singapore Spirit".

The NDP was our collective affirmation that no matter how hard the going, Singapore will overcome and thrive. As the song goes, "We did it before, and we will do it again". Together, Singaporeans can withstand adversity to emerge stronger.

The NDP this year paid tribute to ordinary Singaporeans doing extraordinary acts as frontliners. We invited some representatives - essential workers and community volunteers to attend NDP to receive on behalf of their fellow workers, this respect and recognition. We also featured some of their personal stories in the NDP, like Ms Tan Li Mei, a COVID-19 survivor, who as a patient, was inspired by the care she received from hospital staff. When she recovered, she started and co-fund the *Kampung Kakis* movement, a neighbourhood buddy system to support the elderly, isolated individuals and disadvantaged families during this difficult period. And *Krsna's Free Meals*, a soup kitchen providing free vegetarian meals to migrant workers, the elderly and those in need started by Ms Latha Govindasami and her sisters. Today, *Krsna's Free Meals* provides up to 800 breakfast and 700 lunch boxes a day, supported by various donors and a pool of 300 volunteers. These personal examples remind us that every Singaporean can make the positive difference for others around him or her.

Amid all the twists and turns, ups and down, NDP 2021 was held successfully. That statement on its own speaks volumes. Each of you who contributed to this success deserve our deepest thanks and admiration - the NDP 2021 EXCO, parade participants, show performers, as well as the support from partner agencies and sponsors. NDP 2021 became a reality by your personal effort and is the greatest tribute, I can think of, to all who strive daily to keep Singapore going, to keep the flame that is the Singapore Story burning bright, even against strong headwinds. The road ahead is uncertain. But we rest assured that if each of us embodies the Singapore Spirit, our future remains secure and bright.

Majulah Singapura.

WITH APPRECIATION

From drawing board to parade, from blueprint to stage build, from meetings to execution, rehearsals to performance – these are the teams that made it happen. We salute your tireless efforts, and we express our deep appreciation.

SHIELD ON TO SHIELD OTHERS

Ecom is honoured to be principal partner of NDP2021.

At the heart of all ECOM products is the use of Chlorine Dioxide (ClO₂), an A1 disinfectant classified by the World Health Organisation. ECOM's evolutionary patented technological breakthrough is able to harness the power of ClO₂ in a stable solid form. This allows its oxidizing abilities to be released even through air in a constant and stable manner over a significantly extended period.

SHIELD ON to SHIELD OTHERS, a customized pouch containing EA Mask & Bion spray is specially produced for NDP2021.

ECOM EA MASK

Launched in 2012, EA Mask achieves 99% bacterial kill* in its 11th Independent test by Setsco Singapore. EA Mask eliminates airborne germs, bacteria, viruses & fungi, while offering the user 24/7 protection. An individual not wearing EA Mask has a tendency of having up to 70% more exposure to bacteria*

*Setsco independent lab test, open environment, toilet & office tests.

ECOM BION SPRAY

Food-grade deodoriser & sanitiser - environmentally-friendly, Ecom Bion Spray disinfects hard and soft surfaces. Suitable for face masks, mobile devices, laptops, eating utensils. Eliminates toxins, and cigarette smoke.

A strong deodorizer with 99.9% bacterial kill, tested by TUV Singapore and Setsco Singapore.

ECOM MASK 030+

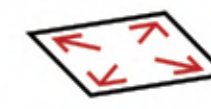

World's first professional grade disinfection air purifier. Installed at NDP2021 strategic locations, protecting organisers and performers. Proven capability with global compliance and independently tested by renowned research centers, Ecom Mask 030+ is definitely a leader in its category.

MOTION
GRAPHICS
DESIGN

In partnership with the NDP 2021 Show Committee, our students from the Diploma in Motion Graphics Design @ NYP's School of Design & Media, are once again, set to impress at this year's show.

In partnership with the Creative Director, Boo Junfeng, the team of 25 students and lecturers worked tirelessly to visualise key words, phrases and emotions. They transformed these concepts into reality and presented dynamic motion graphics on the big screen, thus, enhancing the overall performance.

The sense of pride instilled in them when they witnessed their work presented on the national stage will truly be a magical experience they will cherish.

Motion Graphics Design (MGD) is one of the 8 Diplomas that are offered in the School of Design & Media (SDM). Our close ties with the industry ensure that we continue to work with the best, and stay updated on the latest practices, technology and innovations. Thus, giving our graduates an edge over others in the working world.

“It is such a huge honor to be working on this NDP project and I would forever be grateful for this experience.”

HAPPY BIRTHDAY
SINGAPORE

Founded in 1967, Pacific International Lines (PIL) has benefited from Singapore's forward-looking approach. The nation's resilience and success story enable PIL to grow from a local coastal ship-owner to become one of the world's top 12 container shipping companies, with around 100 vessels supporting global trades in over 90 countries.

Our future lies on innovation, digitalisation, and sustainability. To thrive in the new normalcy, PIL is embarking on this transformation journey together with Singapore.

Together, we will emerge stronger as one nation.

It is a great achievement to be able to celebrate our nation's independence 1 year from when the pandemic broke out and the nation was in lockdown.

It shows not only the resilience and strength but our unity and courage as a nation.

As we continue to walk out of the shadow of the damage caused by a year of living under Covid 19. One can only imagine the greater heights to which we will soar as one united people.

SINGAPORE, OUR FOOD'S TOO GOOD TO WASTE

We're delighted that our beloved hawker culture was recently added to the UNESCO Intangible Cultural Heritage list! After all, we are a nation renowned for many things, including our great passion for good food.

The Covid-19 pandemic has made us aware of how fragile our food supply chain is, so let's try to consume more responsibly and reduce emissions throughout the food chain by journeying #TowardsZeroFoodWaste.

At the end of the day, what we consume - and what we waste - impacts the environment.

Singapore's phenomenal progress has given us much to be proud of. As we celebrate our 56th birthday, let our love for food bring us together in serving up hope for a more sustainable, food-secure future, today and for generations to come.

Designed and developed in Singapore

Back in 2014, our founders Ian and Alaric became frustrated with how difficult it was to find a gaming chair they were satisfied with. So they set to work prototyping, testing, and developing their own. In 2015, Secretlab was officially launched.

Today, we've grown into the **world's top-selling gaming chair brand and chair of choice of Singaporeans and over 1 million users worldwide**. But we're not stopping there — our new 44,000 sq ft Global HQ and R&D Center in Braddell houses our design and engineering teams, where we continue to research and refine our designs for the next generation of gaming chairs.

REFLECTIONS OF HOPE & CONFIDENCE

NDP has always been the rallying call to unite all Singaporeans in a celebration of our nation.

Thank you Singapore for your words of appreciation and encouragement.

Words of encouragement and heartening praises also poured in from various quarters of the island — including Chestnut Nature Park, Ang Mo Kio, Tampines and Bedok.

Hi
Watched the NDP tonight and wanted to share that the show was extremely well executed, probably the best i have seen in a long, long time.

The animated content was relevant and awesome. I am certain it touched many, both young and old. The songs were beautiful as always! I especially love this year's "The Road Ahead". Simple composition but no lack of finesse. The lyrics were impactful and invoked a lot of undescrivable emotions.

Kudos to the organizing committee, the performers and everyone else who contributed to this year's NDP. It's quite a feat given the current situation. The team has definitely raised the bar.

Proud to see the increasing number of talents Singapore has nurtured. Proud to see how far Singapore has advanced. Proud to see how resilient Singaporeans can be. Proud to be a Singaporean.

Once again, a big Thank You to the team for making this year's NDP so special. Hope to see more of such refreshing NDP shows in the future.

Sincerely proud,
Josephine
